

WE SOLVE PAYMENTS

Sage Partner

Sage 100 with Paya Integrated Payments

No-cost, cloud-based payments integration

Activating the payment features built into Sage 100, along with connected payment solutions, provides real-time cash flow visibility, speeds remit times, and eliminates manual entry.

Paya was the first – and remains the best – Sage 100 direct integration, with easy onboarding and a powerful, user-friendly payments interface.
